Chapter President's Comments

I hope everyone is managing to stay cool. As we make our way through these dog days of summer (named, if you were wondering, due to the rising of Sirius, the dog star and the brightest star in the constellation Canis Majoris, early in the morning during this time of the year and not after our four-legged friends) it almost seems as though it's too hot to accomplish outside chores. Even waiting until late in the evening or starting early in the morning in order to beat the heat and humidity doesn't seem to work.

That's why it's the perfect time of the year to stay inside, pour yourself a glass of iced tea (or lemonade or a beer), start up your computer and go to MOAA Nationals Legislative Action Center (<https://moaa.quorum.us>), and write to your Legislators.

There are a myriad of Bills up for action that cover the entire gamut, from increased pay for our lower enlisted ranks to passage of the Richard Starr Act. Legislation, both at the State and National levels, sometimes isn't a question of what is most morally correct but rather what is most fiscally feasible. When it comes to decisions about which way to vote, our Senators and Representatives listen to their constituents, the people that elected them into office.

So take the time (it doesn't take much) to send those emails. MAKE YOUR VOICE HEARD!

And hopefully we'll see you at the USO on Fort Campbell on August 17.

Brian
